SENIOR HIGH SCHOOL

Pamantasan ng Lungsod ng Marikina

2020 - 2022

COLLEGE

University of the east

2022 - Present

ABOUT ME:

Enthusiastic and detail-oriented University of the East student studying computer engineering; has practical experience in embedded systems, microcontroller programming, and hardware-software integration. Adept at creating and putting into practice real-time embedded solutions with Arduino, infrared, ultrasonic, and other sensors. Skilled at resolving challenging issues and possessing a solid background in both software and hardware development. Looking for chances to use technical expertise and add to creative engineering projects.
